

## PCASC DINNER MEETING

# ENERGY CODES and the CBC

Are energy requirements being **MISREPRESENTED** by building envelope consultants  
and **FORCED** onto plastering contractors?

- Current energy code requirements in the CBC
- Proposed changes in ASTM Standards that will directly affect plastering in compliance with the energy codes
- Weather protection as required by Chapter 14

DATE:  
**Tuesday, February 7, 2012**

TIME:  
6 PM Dinner Meeting

LOCATION:  
The Phoenix Club [go to the Pavilion Building in back]  
1340 S. Sanderson Ave.  
Anaheim, CA

### SPEAKER: **BRYAN STANLEY** CSI, CEP

TECHNICAL ADVISOR, TECHNICAL SERVICES INFORMATION BUREAU/WWCCA, VICE PRESIDENT: ORANGE COUNTY CHAPTER OF CSI

Mr. Stanley provides technical support in the wall and ceiling industry trades to spec writers, architects, building officials, trade inspectors along with general contractors, subcontractors and the general public. He has a strong knowledge of industry standards and guides (most of which are living documents), such as ASTM, ANSI and other antiquated standards, as well as plastering guides such as the American Concrete Institute – Plaster Committee, AWCI Technical Committees, The Gypsum Association, and the Portland Cement Association.

**RSVP** required by February 3, 2012
